**SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT**

Sir:

In accordance with 37 C.F.R. 1.98, I am submitting a completed "SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT BY APPLICANT" (*Form PTO/SB/08A*) with patents and/or publications as delineated therein attached.

EP 1 382 914 discloses that the device (1) has a sensor device connected to an evaluation device (3). The sensor device is an air pressure measurement device and the evaluation device determines difference pressures from measurement signals of the air pressure measurement device and produces output signals depending on the different pressures. The air pressure measurement device has a single sensor (2) for outputting two air pressure measurement values at different times. An Independent claim is also included for the following: (a) a method of air extraction, especially for a vapor extractor.

If no translation of pertinent portions of any foreign language patents or publications mentioned within the "INFORMATION DISCLOSURE STATEMENT BY APPLICANT" is

Attorney Docket No. 2003P00559WOUS

included with the aforementioned copies of those applications, patents and/or publications, it is because no existing translation is readily available to the Applicant. As per the Notice in 1273 OG 55 (August 5, 2003) no copies of any above-mentioned US patents and US patent application publications are submitted for this application which was filed after June 30, 2003.

Respectfully submitted
